DETAILED ACTION

Claim Rejections - 35 USC § 112

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claim 20 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. It is not clear what is meant by the term "process specific". Are not all abrasive tools "process specific"?

Claim Rejections - 35 USC § 102

3. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

Claim Rejections - 35 USC § 103

4. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.
5. Claims 1, 3, 8, 10, 12, 16 and 20 are finally rejected under 35 U.S.C. 102(e) as anticipated by or, in the alternative, under 35 U.S.C. 103(a) as obvious over Cote et al, '106, as set forth in paper no.15, mailed August 15, 2000.
6. Claims 4, 9 and 17 are rejected under 35 U.S.C. 103(a) as being unpatentable over Cote et al, '106, as set forth in paper no. 15, mailed August 15, 2000.

Response to Arguments

7. Applicant's arguments filed December 8, 2000 have been fully considered but they are not persuasive. Again, applicant's attention is directed to col. 8, lines 7-27 of

'106. Disclosure is clearly set forth that the underlying pads are of different hardnesses. Inherently, different pad hardness results in different pad thicknesses when in use. Applicant has not provided any evidence or support from '106 that the overlying pad is not uniform and homogeneous in the embodiment of figure 4b.

Conclusion

8. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
